

Flash Card Label Instructions

To create flashcards using labels, use the provided templates. Print labels using the recommendations below and place on Super Thick Index Cards to avoid laminating. You can place on regular index cards but you might want to laminate for multiple use.

Inexpensive labels can be purchased on www.onlinelabels.com. The label information below is for purchasing through this source. They are high-quality labels for a fraction of the price of common competitors. All of the specific label information can be found here for easy reference.

The prices below reflect the lowest quantity which is 100 sheets of labels. When you visit the website, you will be able to shop larger quantities and see discounts.
